- The Head of Centre has overall responsibility for the college as an examinations centre and will ensure that clear roles and responsibilities of all staff are defined.
- The Head of Centre will confirm that teacher assessed grade decisions represent the academic judgement made by teachers and that the checks in place ensure these align with the guidance on standards provided by awarding organisations.
- The Head of Centre will ensure a robust internal quality assurance process has been produced and signed-off in advance of results being submitted.

#### Senior Leadership Team and Heads of Department

The Senior Leadership Team and Heads of Departments will:

- provide training and support to other centre staff.
- support the Head of Centre in the quality assurance of the final teacher assessed grades.
- ensure an effective approach within and across departments and authenticating the preliminary outcome from single teacher subjects.
- be responsible for ensuring staff have a clear understanding of the internal and external quality assurance processes and their role within it.
- ensure that all teachers within a department make consistent judgements about student evidence in deriving a grade.
- ensure all staff conduct assessments under the appropriate levels of control with reference to guidance provided by the Joint Council for Qualifications.
- ensure teachers have the information required to make accurate and fair judgments.
- ensure that a Department Assessment Record is completed for each qualification that they are submitting including signing off the evidence.

#### Teachers/ Specialist Teachers / SENDCo

Teachers, specialist teachers and the SENDCo will:

- ensure they conduct assessments under the centre's appropriate levels of control and have sufficient evidence, in line with this Centre Policy and guidance from the Joint Council for Qualifications, to provide teacher assessed grades for each student they have entered for a qualification.
- ensure that the teacher assessed grade they assign to each student is a fair, valid and reliable reflection of the assessed evidence available for each student.
- make judgements based on what each student has been taught and what they have been assessed on, as outlined in the section on grading in the main JCQ guidance.
- produce an Assessment Record for each subject cohort, that includes the nature of the assessment evidence being used, the level of control for assessments considered, and any other evidence that explains the determination of the final

teacher assessed grades. Any necessary variations for individual students will also be recorded.

- securely store and be able to retrieve sufficient evidence to justify their decisions.

### **Examinations Manager**

The Examinations Manager will:

- be responsible for the administration of our final teacher assessed grades and for managing the post-results services.

## **Training, support and guidance**

This section of the Centre Policy outlines the training, support and guidance that our centre will provide to those determining teacher assessed grades this year.

### **Training**

This section provides details of the approach the centre will take to training, support and guidance in determining teacher assessed grades this year

- Teachers involved in determining grades in this centre will attend any centre-based training to help achieve consistency and fairness to all students.

### **Support for Newly Qualified Teachers and teachers less familiar with assessment**

This section provides details of our approach to training, support and guidance for newly qualified teachers and teachers less familiar with assessment

- The college will provide mentoring from experienced teachers to NQTs and teachers less familiar with assessment.
- The college will put in place additional internal quality assurance of teacher assessed grades for NQTs and other teachers as appropriate.

## **Use of appropriate evidence**

This section of the Centre Policy indicates how this centre will give due regard to the section in the JCQ guidance entitled: Guidance on grading for teachers.

### **A. Use of evidence**

This section gives details in relation to use of evidence.

- Teachers making judgements will have regard to the Ofqual Head of Centre guidance on recommended evidence, and further guidance provided by awarding organisations.
- The primary source of evidence for GCSE and A level qualifications will be an internal examination series in May 2021 other than for Art and Photography qualifications..
- All candidate evidence used to determine teacher assessed grades, and associated documentation, will be retained and made available for the purposes of external quality assurance and appeals where it is available and/or has been completed after 24 March 2021.

- The centre will use student work produced in response to assessment materials provided by awarding organisation(s), including groups of questions, past papers or similar materials such as practice or sample papers. These will be carried out as in-class assessments under examination conditions.
- The centre will use non-exam assessment work (often referred to as coursework) to the weighting stated in specifications, even if this has not been fully completed.
- The centre will use student work produced in centre-devised tasks that reflect the specification, that follow the same format as awarding organisation materials, and have been marked in a way that reflects awarding organisation mark schemes.
- The centre will use mock exams taken from the formal PPE series in the autumn term of 2020.
- The centre will use records of a student's capability and performance over the course of study in performance-based subjects such as music, drama and PE.

Further detail:

#### Additional Assessment Materials

- The centre will use additional assessment materials to give students the opportunity to show what they know, understand or can do in an area of content that has been taught but not yet assessed.
- The centre will use additional assessment materials to give students an opportunity to show improvement, for example, to validate or replace an existing piece of evidence.
- The centre will use additional assessment materials to support consistency of judgement between teachers or classes by giving everyone the same task to complete.
- The centre will combine and/or remove elements of questions where, for example, a multi-part question includes a part which focuses on an element of the specification that has not been taught.

The centre will ensure the appropriateness of evidence and balance of evidence in arriving at grades in the following ways:

- The centre will consider the level of control under which an assessment was completed, for example, whether the evidence was produced under high control and under supervision or at home. The centre will review student performance under different levels of control across a subject to mindful of anomalies.
- The centre will ensure that we are able to authenticate the work as the student's own, especially where that work was not completed within the school or college.
- The centre will consider the limitations of assessing a student's performance when using assessments that have been completed more than once, or drafted and redrafted, where this is not a skill being assessed.
- The centre will consider the specification and assessment objective coverage of the assessment.
- The centre will consider the depth and breadth of knowledge, understanding and skills assessed, especially higher order skills within individual assessments.

## Determining teacher assessed grades

This section of the Centre Policy outlines the approach this centre will take to awarding teacher assessed grades.

### Awarding teacher assessed grades based on evidence

- Teachers will determine grades based on evidence which is commensurate with the standard at which a student is performing, i.e. their demonstrated knowledge, understanding and skills across the content of the course they have been taught.
- Teachers will record how the evidence was used to arrive at a fair and objective grade, which is free from bias.
- Departments will produce an Assessment Record for each subject cohort. Any necessary variations for individual students will also be recorded.

## Internal quality assurance

This section of the Centre Policy outlines the approach this centre will take to ensure internal standardisation of teacher assessed grades, to ensure consistency, fairness and objectivity of decisions.

## Head of Centre Internal Quality Assurance and Declaration

### Internal quality assurance

- All teachers involved in deriving teacher assessed grades will read and understand this Centre Policy document.
- In subjects where there is more than one teacher and/or class in the department, the centre will carry out an internal standardisation process.
- All teachers will be provided with training and support to ensure they take a consistent approach to:
  - Arriving at teacher assessed grades
  - Marking of evidence
  - Reaching a holistic grading decision
  - Applying the use of grading support and documentation
- Internal standardisation will be conducted across all grades.
- The Assessment Record will form the basis of internal standardisation and discussions across teachers to agree the awarding of teacher assessed grades.
- Where necessary, staff will review and reflect on individual grading decisions to ensure alignment with the standards as outlined by the awarding organisation(s).
- Where appropriate, staff will amend individual grade decisions to ensure alignment with the standards as outlined by the awarding organisation(s).
- Where there is only one teacher involved in marking assessments and determining grades, then the output of this activity will be reviewed by an appropriate member of staff within the centre.
  - This will be the Vice Principal in charge of examinations, Paul Sutherland.
- In respect of equality legislation, the range of evidence for students of different protected characteristics will be considered in internal standardisation.

## Comparison of teacher assessed grades to results for previous cohorts

This section of the Centre Policy outlines the approach this centre will take to compare teacher assessed grades in 2021 with results from previous cohorts.

### Comparison of Teacher Assessed Grades to results for previous cohorts

This section gives details of internal process to ensure a comparison of teacher assessed grades at qualification level to results for previous cohorts in this centre taking the same qualification.

- The centre will compile information on the grades awarded to students in past June series in which exams took place (e.g. 2017 - 2019).
- The centre will consider the size of the cohort from year to year.
- The centre will consider the stability of the centre's overall grade outcomes from year to year.
- The centre will consider both subject and centre level variation in outcomes during the internal quality assurance process.
- The centre will prepare a succinct narrative on the outcomes of the review against historic data which, in the event of significant divergence from the qualifications profiles attained in previous examined years, will address the reasons for this divergence. This commentary will be available for subsequent review during the QA process.

This section gives details of the approach this centre will follow if initial teacher assessed grades for a qualification are viewed as overly lenient or overly stringent compared to results in previous years.

- The centre will compile historical data giving appropriate regard to potential mixtures of A\*-G and 9-1 grades in GCSEs. Where required, the centre will use the Ofqual guidance to convert legacy grades into the new 9 to 1 scale.
- The centre will bring together other data sources that will help to quality assure the grades awarded in 2021.

This section gives details of changes in cohorts that need to be reflected in comparisons.

- The centre will omit subjects that it no longer offers from the historical data.

## Access Arrangements and Special Considerations

This section of the Centre Policy outlines the approach the centre will take to provide students with appropriate access arrangements and take into account mitigating circumstances in particular instances.

### **Reasonable adjustments and mitigating circumstances (special consideration)**

This section gives details of the approach to access arrangements and mitigating circumstances (special consideration).

- Where students have agreed access arrangements or reasonable adjustments (for example a reader or scribe) the centre will make every effort to ensure that these arrangements are in place when assessments are being taken.
- Where illness or other personal circumstances might have affected performance in assessments used in determining a student's standard of performance, the centre will take account of this when making judgements.
- The centre will record, as part of the Assessment Record, how staff have incorporated any necessary variations to take account of the impact of illness or personal circumstances on the performance of individual students in assessments. These will be recorded on variation forms linked to the Assessment Record
- To ensure consistency in the application of Special Consideration, the centre will ensure all teachers have read and understood the document: [JCQ – A guide to the special consideration process, with effect from 1 September 2020](#)

## Addressing disruption/differential lost learning (DLL)

### B. Addressing Disruption/Differentiated Lost Learning (DLL)

This section gives details of the centre's approach to address disruption or differentiated lost teaching.

- Teacher assessed grades will be determined based on evidence of the content that has been taught and assessed for each student.

## Objectivity

This section of the Centre Policy outlines the arrangements in place to ensure objectivity of decisions.

### Objectivity

This section gives a summary of the arrangements in place within this centre in relation to objectivity.

Staff will fulfil their duties and responsibilities in relation to relevant equality and disability legislation.

Senior Leaders, Heads of Department and Centre will consider:

- sources of unfairness and bias (situations/contexts, difficulty, presentation and format, language, conditions for assessment, marker preconceptions);
- how to minimise bias in questions and marking and hidden forms of bias); and
- bias in teacher assessed grades.

To ensure objectivity, all staff involved in determining teacher assessed grades will be made aware that:

- unconscious bias can skew judgements;
- the evidence presented should be valued for its own merit as an indication of performance and attainment;
- teacher assessed grades should not be influenced by candidates' positive or challenging personal circumstances, character, behaviour, appearance, socio-economic background, or protected characteristics;
- unconscious bias is more likely to occur when quick opinions are formed;
- Our internal standardisation process will help to ensure that there are different perspectives to the quality assurance process.

## Recording decisions and retention of evidence and data

This section of the Centre Policy outlines arrangements for recording decisions and retaining evidence and data.

### **C. Recording Decisions and Retention of Evidence and Data**

This section outlines the centre's approach to recording decisions and retaining evidence and data.

- The centre will ensure that teachers and Heads of Departments maintain records that show how the teacher assessed grades process operated, including the rationale for decisions in relation to individual marks/grades.
- The centre will ensure that evidence is maintained across a variety of tasks to develop a holistic view of each student's demonstrated knowledge, understanding and skills in the areas of content taught.
- The centre will put in place recording requirements for the various stages of the process to ensure the accurate and secure retention of the evidence used to make decisions.
- The centre will comply with its obligations regarding data protection legislation.
- The centre will ensure that the grades accurately reflect the evidence submitted.
- The centre will ensure that evidence is retained electronically or on paper in a secure centre-based system that can be readily shared with awarding organisation(s).

## Authenticating evidence

### **D. Authenticating evidence**

This section of the Centre Policy details the mechanisms in place to ensure that teachers are confident in the authenticity of evidence, and the process for dealing with cases where evidence is not thought to be authentic.

- Robust mechanisms, which will include an internal examination series, will be in place to ensure that teachers are confident that work used as evidence is the students' own and that no inappropriate levels of support have been given to students to complete it, either within the centre or with external tutors.
- It is understood that awarding organisations will investigate instances where it appears evidence is not authentic. The centre will follow all guidance provided by awarding organisations to support these determinations of authenticity.

## Confidentiality, malpractice and conflicts of interest

- The centre's arrangements for assessing Private Candidates to arrive at appropriate grades are identical to the approaches utilised for internal candidates.
- Where it has been necessary to utilise different approaches, the **JCQ Guidance on Private Candidates** has been followed and any divergence from the centre's approach for internal candidates has been recorded on the appropriate class/student documentation.
- In undertaking the review of cohort grades in conjunction with the centre results profiles from previous examined years, the grades determined by the centre for Private Candidates have been excluded from this analysis.

## External Quality Assurance

This section of the Centre Policy outlines the arrangements in place to comply with awarding organisation arrangements for External Quality Assurance of teacher assessed grades in a timely and effective way.
