Dear Parent / Carer

HPV (Human Papilloma Virus) Vaccination for Year 8 and Year 9 Students

Your Year 8 or Year 9 child is now due the HPV (Human Papilloma Virus) vaccine, this will be delivered by the Virgin Care School Aged Immunisation Team of Nurse's at your child's school.

For more information and to enable your child to receive this important vaccine it is ESSENTIAL that you complete the online consent following the link below. If your child is in year 9 and you have already completed our electronic consent, you do not need to do this again.

This registration process is quick and easy. Parents and carers can register (or decline) their child for the vaccination via our secure online portal using the link below. Please read the consent form carefully to ensure you have completed this as accurately as possible.

If you do NOT want your child to receive the vaccine then please also complete the form stating that you do not want them to receive the vaccine, as this will prevent us from contacting you unnecessarily.

Link: <https://schoolimms.virgincare.co.uk/hpv/2020/devon>

If the link is not working for you please try to copy and paste it into your internet address bar. If it continues not to work OR you are having any other problems then please contact our designated team on **0300 247 0082** and they will be able to help.

We will be visiting The Spires College at the end of May (date TBC) and **require your completed online electronic response by Monday 3 May 2021**. Responses received after this time will still be processed, but your child may have to wait until the next scheduled visit to receive the vaccine.

If your child has a medical condition we may need to contact you or your child's doctor for further information before we can proceed with the vaccination.

Our experienced team are happy to answer any queries that you may have related to the consent or vaccination process. We can be contacted by telephone on 0300 247 0082 or email: vcl.immunisations@nhs.net

Yours sincerely

Devon Immunisation Team, Virgin Care
